Short title Inspection - Udipi circle - Note by the Assistant Commissioner - Deputy Commissioner's final proceedings

READ—the following :—

East Coast Asst.Commissioner's C.R.1244/35 dated 23-12-35

The Assistant Commissioner's inspection of the Udipi circle covers the period from 10-9-35 to 17-12-35 and M.Ry. . Narayanan Nambiar Avl., has been in charge of the circle throughout this period.

2. The average duration in the disposal of cases is high (28.6 days x 24... days) and should be reduced considerably.

3. It is seen that there were delays in warning of trees by Sub Inspectors due to rangers being kept clubbed for a number of months. It is undesirable to keep rangers clubbed for long periods. The Assistant Commissioner is requested to see that clubbing of rangers is resorted to only when it is absolutely necessary. The concession regarding temporary promotion of clerks as Sub Inspectors may be availed of in such cases.

4. The minor omissions in C.P. series such as not cancelling each page of the superseded licenses, not obtaining the declaration of renters in C.P.3s that they are in possession of shop licences etc. should be avoided.

5. It is reported that neither the Inspector nor his Assistant Inspector have verified disbursements of rewards to outside informers made by Sub-Inspectors. This is unsatisfactory, and should be attended to at once.

6. The Assistant Commissioner reports that the Inspector has kept his Sub Inspectors up to mark. But it is observed that more could have been done under detection especially under I.D and smuggling. There is a fall in the number of

of

2 2

of I.D. cases reported during the current year 25(46) though consumption of arrack shows an increase due to reduction in the rate of selling price. Grave crime should receive more attention.

7. The office appears to be in good order and there has been improvement in the condition of the ranges since last inspection.

Asst.Commissioner's remarks. dated 26-12-35	Deputy Commissioner's remarks. dated 5-1-36	Commissioner's remarks. dated 10-1-36
Detection Head X in 34-35 had the desired effect both on the circle detection and on toddy offences in general. It must be said that his share of work under grave crime in 34-35 and in 35-36 since he took charge has not contributed to the proper tackling of the preventive problem in the circle as a whole under the head.	The point is has the Inspector kept his Sub Inspectors up to mark? That his his main work.	Quite so. Let the Assistant Commissioner answer the question explicitly. Copy of Asst. Commissioner's reply Sir, Yes, he kept the S.Is. up to the mark. (Sd.) D.S.P. 1-2-36
